ABOUT FMPC 2024

Dear Friends,

Greetings from Organizing Team FMPC 2024!

It gives me immense pleasure to invite you all to the 6th National Conference of Family Medicine and Primary Care, to be organized in collaboration with the Department of Community & Family Medicine, AIIMS Rishikesh and Academy of Family Physician of India (AFPI) Uttarakhand Chapter on 28th & 29th September 2024 at AIIMS Rishikesh, Uttarakhand.

Set in natural beauty and close to the sacred Ganges, All India Institute of Medical Sciences Rishikesh is strategically located, catering to the healthcare needs of northern India, and hosted many International and National Conferences since its inception in 2012.

Academy of Family Physicians of India (AFPI), a professional academic organization founded with the aim of promoting family medicine and primary health care in India has been relentlessly making efforts to unite medical professional across country for strengthening quality medical care services to the people.

ABOUT FMPC 2024

This year, we convene under the overarching theme, "Primary Care Physicians as the Foundation of the Public Health System," emphasizing the crucial role of primary care physicians in shaping the health and well-being of the nation. Given the contemporary global health challenges, there is growing recognition of the pivotal role that primary care physicians play in the care cascade. Their expertise significantly influences health equity, access, and the overall health of our communities.

Family Medicine is the subset of primary care, which provide continuing & comprehensive health care for individual & family across all the ages & gender. As the sub theme of the conference envisioned with Global forum on universal health coverage (UHC) which is one of the targets to be achieved through sustainable developmental goal (SDG) 2030. Health system needs to be oriented towards comprehensive primary care approach to attain UHC and strengthen primary care.

The conference agenda includes discussions on innovative care models, preventive healthcare strategies, and the management of chronic conditions & acute illness in family medicine & primary care of outpatient department.

Together, let's inspire change, advance primary care, and contribute to enhancing the nation's health. Welcome aboard!
